WAR SUMMARY.

(Associated Press.)

Italy and Serbia are at the point at

Adriatic sea, provided it is not fortif-
ied. If the agreement is concluded
Italy's participation in the war is im-
minent.

In the eighth installment of the
French official review of the war it
is said: "The losses of the Germans
in the ten days battle east of Yser
exceeded 150,000 and perhaps reach-
ed 200,000 elsewhere."

FRENCH REPULSED.

According to Berlin, French at-
tacks southeast of Verdun failed with
extraordinarily heavy losses to the
enemy. In the combat, according to
the report, two French battalions
were destroyed. Berlin also claims
that a Russian battalion was annihil-
ated southeast of Memel, the Ger-
mans losing but six killed.

The German admiral has admit-
ted the loss of the submarine U-9 re-
ported by the British on March 28,
as having been sunk with its crew.

The French statement gives but
few details of furious assaults on the
Germans, but claims that ground was
gained in some instances. Sixty men
were taken prisoners.

village of Dreef Grachten.

FOOD PRICES HIGH.

rine warfare is having a great effect

MAYOR BRINTON IS

APPRECIATIVE TO VOTERS

To The Citizens of Dixon
Township:

I wish to express my sin-
cere appreciation of the manner
in which the voters of Dixon
township supported my request
in the matter of the election for
a bond issue to pave the road
to the new state epileptic col-
ony and fulfilled the pledge I
had given the state board of ad-
ministration in their behalf.
The investment is a good one
and the road should have been
paved by Dixon, even though no
promise had been given. This
state institution will be the
greatest of its kind in the world
and its necessary and fitting
that the roadway connecting it
with Dixon be paved.

Very truly yours,
W. B. BRINTON, Mayor.

BOMBARDMENT IN STOVE AT BARTON'S

LOOSE CARTRIDGES IN EXCEL-
SIOR START REPLICAS
OF RHEIMS.

The Charles Barton home south of
the city was the scene of a bombard-
ment Tuesday which to the ears of
those in the house could not have
been excelled by any engagement of
the present great war in Europe, but
fortunately no one was hurt; conse-
quently the affair is now looked upon
as a humorous incident. Some loose
22-caliber cartridges in the Excelsior
packed around some articles received
from Chicago was the cause, for when
the excelsior was thrown into the
stove the cartridges went with it and
in an instant the shooting began. The
stove was of sufficient thickness to
resist the attack, but everyone in the
house, including the cat and the dog,
made a hurried exit when the "pop-
ping" commenced.

TRAINMEN INJURED IN AUTO ACCIDENT

F. L. WHEAT, KNOWN IN DIXON,
ONE OF VICTIMS OF MIS-
HAP IN CHICAGO.

F. L. Wheat, R. A. McCabe and
Timothy Flaherty, railroad men with
runs on the Galena division of the C.
& N. W. were seriously injured yes-
terday afternoon in Chicago when an
automobile in which they were riding
collided with a motorcycle at Twenty-
second street and Oakley boulevard.
R. A. McCabe was a brakeman on
train No. 5 and it is reported that he
as well as Flaherty, another brake-
man, sustained fractures of the skull.
F. L. Wheat is a brother of Conduc-
tor James Wheat, is a train baggage-
man and is well known in this city,
where he grew to manhood.

CHICAGO VOTE IS OMEN OF VICTORY OF G.O.P. IN '16

A REMARKABLE REPUBLICAN
LANDSLIDE IN CHICAGO SHOWS
WHAT WILL HAPPEN.

G.O.P. TO "COME BACK" STRONG

Country and City Voters Alike Have
Shown Their Disposition to Vote
the Republican Ticket.

Chicago Tribune: The republican
party has "come back."

This is the unanimous interpreta-
tion placed upon the Chicago land-
slide last night by party leaders in
Chicago and throughout the state.

Taking the city's swing to the re-
publican column as a reliable barom-
eter of public opinion throughout the
country, they declare that it indicates
an emphatic repudiation of the Wil-
son administration, the congress of
the United States, and all things demo-
cratic.

So far as Illinois is concerned, they
say, the republican party is now united,
the progressives have returned to
the fold, and factionalism has disap-
peared.

Some statements follow:

Former Governor Charles S. Deneen

"The significance of today's elec-
tion returns in their bearing on the
campaigns of 1916 cannot be overes-
timated.

"This victory indicates, first, that
the republicans and progressives are
united, surely in Illinois, and with
little doubt in the country at large.

"Secondly, it shows that the busi-
ness men and the wage earners are
together again. The man in the street
has learned what a democratic admin-
istration means.

"It has no direct bearing, I think,
on the personality or affiliations with
in the party of the nominees for gov-
ernor and president in 1916, but if I
know anything about politics it pre-
sages without a doubt that the men
nominated by the party, if they are
nominated fairly and squarely, will
be overwhelmingly elected.

"The republican party will recover
its strength. It will be stronger than
it was before 1912."

Frank O. Lowden.

"This election is going to have a
lot of effect generally in the republi-
can party. There is no doubt in the
world that what Chicago has done
will be felt all over the country.

"The country, you will remember,
went strongly republican in the rural
districts last fall. Chicago's great de-
mocratic vote at that time made the
people think that the cities were not
clamoring for a change as were peo-
ple in the farming communities. This
will change all that. It will tell the
world what the cities think of Wood-
row Wilson and the democratic con-
gress."

Christopher Mamer.
(Lorimer Republican)

"I don't see how any one could in-
terpret this election in any other way
than as an absolute indication that
the people are dissatisfied with the
action of the democratic party in con-
gress and the president of the United
States.

"The democratic party has been re-
pudiated because so many people are
out of employment. This landslide
will affect the entire political condi-
tion of the country—not alone of Illi-
nois.

"It isn't a repudiation of Sweitzer
or Dunne or any other individual. It
is the policy of the democratic party,
and these men have had to put up
with it, just as the republicans had a
similar situation to face at the last el-
ection. They have found themselves
in a situation over which they have
had no control."

GOOD CROWD AT BAZAR

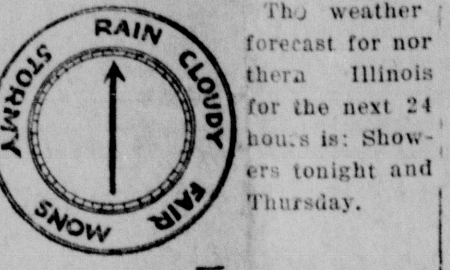

A fair crowd attended the St. Pat-
rick's bazaar at Rosbrook's hall last
evening and as usual the evening was
a pleasant one for all. The bazaar
will continue every night this week
with Slothower's orchestra furnish-
ing the music for the dancers tonight
and tomorrow night.

School Trustees Will Be Elected Here On Saturday

Terms of Chas. I. Will and
Fred H. Hill As Trustees
Will Expire

The annual election of one trustee
of schools in township No. 27 (Dixon
south of the river, with the exception
of a strip along the river east of the
bridge) and in township No. 23 (Dix-
on north of the river and also the
strip on the south side) will be held
Saturday of this week. The hours of
the south side election are from 8 a.
m. to 4 p. m. and on the north side
they are from 1 to 4 p. m.

The term of Charles I. Will, of
South Dixon, expires this year and he
is a candidate for re-election. The
trustees have the entire charge of all
the school money of the district and
hence the office of trustee is a rather
important one. Three members con-
stitute the board and are elected for
three year terms. Only one man can
represent the city schools on the
board and the other two must be se-
lected from the rural districts, but
must be from different localities. S.
S. Dodge is the representative from
the city and W. F. Preston of South
Dixon is the other member.

There have been three polling
places designated for the day, as fol-
lows:

At the high school building on
Fifth street for all those residing in
the district east of the Illinois Central
tracks and north of the Northwestern
tracks, S. S. Dodge, judge.

At the Truman school house on
Third street for all those residing
west of the Illinois Central tracks.
W. F. Preston, judge.

At the Preston school house in
South Dixon township for all those in
the district residing south of the
Northwestern tracks. Chas. Will,
judge.

North Side Election.

The hours of the election in dis-
trict No. 23, which is mainly located
north of the river, will be from 1 to
4 p. m. and the polling place will be
at Chiverton's meat market. The
term of Fred H. Hill of the Bend ex-
pires this year and he is a candidate
for re-election. The hold-over mem-
bers are John E. Moyer of this city
and Charles Sheffield of Grand De-
tour.

WOMEN CANDIDATES FARED VERY BADLY

DEFEATED IN KANSAS EVERY-
WHERE—ST. LOUIS REPUB-
LICANS WON.

(Associated Press.)
Topeka, Kansas, April 7.—Women
candidates for office in the elections
in Kansas yesterday fared badly.
Mrs. Iva Marshall, candidate for may-
or of Leavenworth, was defeated six
to one by Cramer, who was re-elected.

MISS LOWELL IS NOT COMING

Miss Charlotte Russell Lowell, of
New York, donor of Dixon's beautiful
Lowell Park, who was invited recent-
ly by Mayor Brinton to come to this
city and make a visit for the purpose
of inspecting the park she gave the
city and making suggestions for fur-
ther improvement thereof, has writ-
ten back to the Mayor that at this
time it is impossible for her to leave
New York and that she regrets she
cannot accept the invitation.

Dixon people also are sorry Miss
Lowell cannot come here now, but
hope she will be able to do so some
time soon.

BOND ISSUES FOR PAVING CARRIED HERE YESTERDAY

LINCOLN HIGHWAY AND COOL-
ONY ROADS WILL BE PAVED
WITH BRICK, SO SAY VOTERS.

ROSBROOK WINS HIS CONTEST

Dixon Voted to Put In About Seven
Miles of Paving Outside of
City Limits.

Dixon township yesterday by a
good majority of voted to borrow
\$50,000 to build a brick pavement on
the Lincoln Highway from the east
township line to the west line, and to
borrow \$32,500 to build a brick pave-
ment from the city limits on North
Crawford avenue to the gates of the
state epileptic colony, opposite the ad-
ministration buildings. This will
mean the building of between seven
and eight miles of brick pavement
outside of the city limits and within
Dixon township, and all on important
roads which will carry the great bulk
of the traffic.

The bond issue for the road to the
colony was carried by a majority of
197 and the Lincoln Highway bond
issue was carried by a majority of
347.

The only contest of interest on the
local township ticket was the fight be-
tween Tryon Rosbrook and W. H. De-
Puy for commissioner of highways.

Mr. Rosbrook, who is the present
highway commissioner, carried the el-
ection over his opponent with an over-
whelming vote. Rosbrook's majority
was 498.

Supervisor John M. Sterling and
Assistant Supervisor Joseph M. Mc-
Cleary were both returned to the
county board with big votes. They
had opposition on the socialist ticket,
as did as did Tryon Rosbrook, but
the socialist vote was negligible.

The total vote yesterday, which
was 1622, was exceptionally light and
was only a little more than a third of
the entire voting power of the town-
ship. It is estimated that the city el-
ection, April 20th, will bring out a
vote of close to 4,000, counting men
and women.

Only 330 women voted in Dixon
township yesterday.

PAVING WORK TO GIVE JOBS TO MANY

WORK ON ROAD TO COLONY TO
START AS SOON AS S. D. & E.
TRACKS ARE LAID.

The paving work on the road to
the epileptic colony, starting at the
city limits on North Crawford avenue
and following the Hazelwood road to
the epileptic colony, will be begun as
soon as the I. N. U. Co. has laid the
car tracks for the new electric road
extension and these two jobs will ne-
cessitate the employment of a great
amount of labor, exclusive of work
on the colony grounds. The Lincoln
Highway paving will add greatly to
the total of men at work here this
summer, if the paving is done this
year, and if it is delayed until next
year to avoid discommoding trans-
continental travel, as some advise, it
will mean only a further extension of
good times in the labor situation.
Dixon prospects were never brighter
from a labor and business point of
view.

Buzzard, son of Mr. and Mrs. William Buzzard of this city, which occurred at 4 o'clock Monday evening at the home of the groom's uncle and aunt, Mr. and Mrs. C. E. Shuber, in Clinton, Ia.

The arrangements were simple and informal, and a wedding company of fifteen relatives and friends witnessed the ceremony, which was read by Rev. W. E. Stockle of the Clinton Methodist church. Pleasantly Surprised.

Elwin Bunnell was tendered a very pleasant surprise at his home in North Dixon, last evening, when the members of the North Dixon high school gathered at his home to help the young man celebrate his fifteenth birthday anniversary.

Early in the evening one of Elwin's classmates called to spend the evening in study with him and they retired to Elwin's room. Later the guests arrived and Elwin was summoned to the phone, when to his great surprise he was surrounded by his classmates, who come to spend the evening, not in study, but in games and a general good time.

Later in the evening Mrs. Bunnell served the party a dainty two-course luncheon. The table was attractively decorated in pink and white, the centerpiece being a large birthday cake containing fifteen candles.

During the evening the class presented Elwin with a self-filling fountain pen as a small token of esteem in which he is held by all.

Sunday School Class Met.

The Loyal Gleaners Sunday school class of the Nachusa church met with Mrs. Robert Herbst in Nachusa yesterday afternoon. A short business meeting was held after which the afternoon was spent in charity sewing which the class is engaged in doing. There was an attendance of fourteen members. Later the hostess served a dainty three course luncheon. The dining room table was prettily decorated in Easter favors, place cards and spring flowers.

The Phidian Art Club.

The Phidian Art club was entertained by Mrs. Owens at her home on Second street yesterday afternoon. The meeting was called to order by the president, Mrs. McKenney, followed by the reading of the minutes by Mrs. Moss, secretary pro tem, in the absence of Mrs. Lehman, and the treasurer's report by Miss Laing.

An abstract from a very interesting letter written by Miss Hay, leader of the Red Cross movement to a cousin in Freeport, was read by the president. Miss Hay described a meeting with the Czar Nicholas of Russia.

The club members then enjoyed a very attractive selection on the Victrola "Ave Maria," by Kreisler and McCormack. Mrs. Petersberger then gave a very interesting paper on the Spanish Missions, describing in a comprehensive manner the missions of California whose history takes us back two hundred years when the Spaniards made a contract with the Monks to establish Missions which were to be civilizers of the Indians and future settlements for the Spaniards. Junipero Loera, who was the leader of the Monks landed on False Bay, July 759 and established the first mission.

There are twenty-one missions in all San Carlos. The home mission of Serra has been restored. San Gabriel near Los Angeles is the only mission still inhabited by Friars. In St. Louis Obispo established in 1776, Helen Hunt Jackson found the

Indian whom she took for a character in "Romance."

Mrs. Owens, the hostess, gave another beautiful viroila selection from Rigoletto. The club, then enjoyed Mrs. Petersberger's paper on "The Mission Play." This play is given in the Mission Play House in March each year, and it is hoped that in time it will be as well known as the "Passion Play" at Oberammergau. Following Mrs. Petersberger's paper, an Hawaiian record was very much enjoyed by all.

Mrs. Woodbridge's paper on Current Events was read by Mrs. Wier. Some very interesting facts about the \$10,000 dam at El Paso, Texas were given in this paper and the details of the destruction of the cathedral at Rheims.

After a very pleasant social hour delicious refreshments were served by the hostess.

Dancing Class Tonight.

Mrs. Wilhelmina Kaylor will hold her regular dancing class at the Armory Hall this evening, instead of Friday night of this week, because of the Children's party which will be there at that time. The dancing class will commence at 8 o'clock this evening.

The young couple were attended by Mrs. Elmer Beier and Miss Olga Ann Rice of this city.

Mr. and Mrs. Lea returned to Clinton, Ia., today where they will make their future home, the groom being connected with a newspaper in that city.

The wedding comes as a surprise to the many friends of Miss Coxwell, who up to the present time has attended school at the Dixon high school.

Oregon Wedding.

A pretty home wedding occurred in Oregon yesterday at the beautiful home of Judge and Mrs. Cartwright, at 3:30 o'clock, when Miss Etta Mae Henry, daughter of Mrs. Bessie Henry of Oregon became the bride of Dr. C. L. Lumby of Byron, Ill., son of Mr. J. Lumby of Chicago. Rev. Barry of the Methodist church performed the ceremony.

The couple were attended by Miss Mazie Espy of this city as bridesmaid and Horace Cartright of Oregon as best man.

The bride was gown in a beautiful white embroidered creation, which was a gift from abroad to her from Mrs. Cartwright. The bridesmaid wore a pretty gown of pink crepe de chine.

Following the ceremony a dainty four course wedding dinner was served.

Dr. and Mrs. Lumby left on the 6:08 train for Chicago where they will visit for a short time, after which they will be at home to their many friends in Byron, Ill., after May 1st.

Miss Agnes Lumby of Chicago, sister of the groom was an out of town guest.

Candlelighters.

There will be a regular meeting of the Candlelighters of the Presbyterian church Friday afternoon at the home of Mrs. John Bachman on Hennepin avenue.

AUSTIN WOULD SAVE STATE CONTEST COST

Winner Illinois Senate Fight Is After Ryan and Brady.

Oak Park, Ill., April 7.—State Senator Henry W. Austin of Oak Park, who has been seated after the \$20,000 recount showed him elected, was the guest at a reception given by his enthusiastic friends at the First Presbyterian church of Oak Park. He reiterated his intention of suing Former State Treasurer Ryan and State Auditor Brady for his expenses in the recount instead of accepting them from the state. The two officials forced the delay by refusing to accept the election returns in favor of Austin.

Representative W. G. Thon, August Einfield, president of the village; N. G. Moore and William Ritchie, attorneys; Willis S. Herrick, John J. Arnold and others also spoke.

The affair was under the direction of the men's club of the church and all other organizations which had supported Mr. Austin were invited.

IOWA WOMAN TELLS OTHERS

How Lydia E. Pinkham's Vegetable Compound Carried Her Safely Through Change of Life.

Cedar Rapids, Iowa.—"At the Change of Life the doctor said I would have to give up my work and take my bed for some time as there was no help for me but to lie still. I took Lydia E. Pinkham's Vegetable Compound and kept up my work and now I am over the Change and that is all I took. It was better for me than all the doctor's medicines I tried. Many people have no faith in patent medicines, but I know this is good."—Mrs. E. J. RICKETS, 354 8th Avenue, West, Cedar Rapids, Iowa.

SOCIALISTS DEFEATED, WISCONSIN DRYS GAIN

Barring of Students Saves Liquor in Madison.

Milwaukee, April 7.—Tuesday's election in Milwaukee and up state resulted in a victory for the opponents of Socialism in Milwaukee and for the drys in the state. The election in the state was confined to the liquor issue. It appears to be certain that not a single locality which has ever been dry has returned to the wet column, while there are many wet communities which have become dry.

The largest of these to date is Sparta, a western Wisconsin city of about 7,000 population. The hottest fights in the cities were at Beloit, Superior and Madison, and Beloit remained wet by 347 majority. Madison returns indicate that city has remained wet, for the wets were able to bar the students at the state university, strongly dry, from voting. Superior went wet by a close vote. In Milwaukee the liquor question was an incidental issue for Circuit Judge Orent Williams proclaimed by the friends of Judge John J. Gregory, as anti-liquor man, was defeated by 4,500 majority, though both are non-partisan. In Milwaukee the election was for judges in the civil courts and for five members of the school board. One of three Socialist judges was elected, and only one Socialist for school board, Mrs. Meta Berger, wife of the former Socialist congressman.

Some of the cities which went dry after being wet were: Galesville, Three Lakes, Milton Junction, Plainfield, Boscobel, Bayfield, Hayward and Ladysmith.

"MAULBY" GOES UNDER KNIFE

University of Michigan Gridiron Star Has Appendicitis.

Ann Arbor, Mich., April 7.—"Johnny" Maulbetsch, Michigan's representative on Camp's 1914 All-American football team, is about to go under the surgeon's knife. For the last three days he has been in the care of the authorities at the university hospitals, and in a consultation held by the doctors it was decided that something was definitely wrong with the Wolverine star.

The physicians disagree as to the Dutchman's ailment, but it is probable that an operation for appendicitis will be held.

DIXON IS THE LEADER OF THEM ALL.

Dixon. That arrangement of five certain letters will mean a great deal to Lincoln Highway people and good roads enthusiasts all over this nation. Dixon showed her mettle at the polls yesterday and she showed a progressive spirit that will not be outdone by any city this size from one end of the three-thousand-mile Lincoln Highway to the other.

The Telegraph feels just a little chesty today. It's pardonable, you'll agree, that we feel a little proud that these bond issues carried, and especially that the Lincoln Highway carried. The Telegraph was the only newspaper to champion the Lincoln Highway bond issue and was the first to organize a plan to put the Lincoln Highway pavement through. The Telegraph got out a petition a year ago and had it signed up and ready to file asking for the bond election, when the city officials asked that the Lincoln Highway issue be delayed a year on account of work within the city. This plan was believed to be reasonable and the Telegraph agreed to it and this year, interested and public spirited citizens took up the work of getting out petitions. The Telegraph has devoted itself to a campaign of education on the Lincoln Highway and the value of paved roads in general and we believe the results were apparent in yesterday's vote.

When the Lincoln Highway paving is complete and the Hazelwood road has been paved to the colony, Dixon will have something to brag about in the shape of good, permanent roads and the Dixonite who wishes to take his visiting friend out riding can go miles in the country through the fields and still be on brick pavements, free from mud or dust or bumps. The farmers, hauling produce to market will make for this road, even if they have to go out of their way to do it, for they prefer a long easy haul to a shorter, harder haul.

WHEN TO PAVE THE LINCOLN HIGHWAY?

There is some difference of opinion as to when the actual work of paving the Lincoln Highway should be commenced; this year or next.

The Telegraph has been inclined to believe with others that the wisest move would be to advertise the work, open bids, let contracts and get the material on the ground ready for work by this fall and then start the actual work as soon as the weather breaks next spring. The job is a long one and Superintendent of Highways L. B. Neighbour declares that it will take from "snow to snow" to do the job. It seems hardly wise to start into it this year and have the work interrupted by winter weather and have the road torn up for several months during the winter, needlessly.

Especially is this so this year when there will be considerable travel by tourists going to California.

It is well that the bond issue was voted through this year, because if we had waited until next year we would not have had the pavement for two years.

On the other hand, we are informed that the Lincoln Highway officials at headquarters advise the starting of the work immediately and want it gone through with this year, as much as possible. They use the argument that it is a big advertisement to the city and the highway to have the tourists see for themselves that work is being done along the highway and that the various communities are going at it to make the Highway permanent.

If a good dirt roadway can be left at the side of the right of way and autoists were not discommoded too much, the latter plan might be the most advisable. The Lincoln Highway officials expect to take motion pictures of men at work laying brick on the Lincoln Way. There are arguments on both sides of the question.

A GLIMPSE INTO THE FUTURE.

William Hale Thompson, the republican candidate for mayor of Chicago, beat the democratic candidate so badly that the vote even astounded the republican candidate himself and members of the G. O. P. all over the nation are sitting up and taking notice today. The broad, genuine smile is general.

Thompson beat Sweitzer by a bigger vote than President McKinley got, and also by a bigger vote than Roosevelt got in Cook county. Cook county is naturally democratic. At least that has been the case for many years. But things have changed since Woodrow was in Princeton, and now democratic Chicago has gone republican with a record-smashing vote.

In the last state election Roger Sullivan carried Cook county by over 50,000 votes. Now Sullivan's candidate loses the city by almost 150,000. The democrats are trying to blame it onto desertion by Harrison men, etc., but no excuse or flock of excuses they can think up can explain the landslide.

It all shows what is going to happen next year when the nation elects a president and when this state elects a governor.

GOOD FOR DIXON.

Yesterday was one of the most eventful days in the history of Dixon from the point of progress. The carrying of the two bond elections gives Dixon an enviable position in the matter of road improvement. Dixon is now on the Lincoln Highway map in big letters and Dixon has made good Mayor Brinton's pledge to the state in the matter of the pavement to the colony. It is a big victory for public spirit and civic progress.

FREEPORT WINS OUT.

The good people of the city of Freeport saved the good name of the city and made a step in advance at yesterday's election, when they defeated the democratic candidate for mayor and ousted the democratic ring. Not that a democratic mayor might be all right, Dixon has a good one. But conditions in Freeport have not been right for some time. They should be better now.

SAYING AND DOING.

"Oh, if I had a million dollars," all longingly the poor man hollers, "how I would help poor hungry mortals, and fill their lives with smiles and chor-tles! I'd spend my time unearthing cases where want had ground the poor men's faces; from widows' eyes I'd wipe the briny, and make all orphans' days seem shiny." And if in after life he gathers a million guilders of his fathers, to help the poor he isn't ready to spend a single maravedi. I don't believe in giving money to make the poor ones' lives more sunny," he mutters, with a stern defiance; "it spoils their sense of self-reliance. The more you give your hungry neighbor, the less he'll buckle down to labor. He'll think the gods are watching over; to see that he abides in clover. We pauperize the workers willing by handing them the un-ed shilling. And then we pay enormous taxes—my tax forever greater waxes—and out of that the town or county should show the poor some kind of bounty." And other platitudes he mumbles, as to the bank he slowly stumbles, all loaded down with clanking roubles which will relieve no poor man's troubles.

CURRENT COMMENT

BOTH HONORED AND MISSED
It was announced that on account of the war there would be no celebration in Germany on April 1, the centenary of Prince Bismarck.

But Bismarck will not be forgotten. He lives in every German heart, and the human heart is the most enduring of monuments.

It would have been well for Germany if Bismarck could have been alive, in active service when the war began, for Bismarck was one of the greatest diplomats that ever lived, and Germans have frankly admitted of late that Germany has been weak in diplomacy for a considerable period.

If Bismarck had been the imperial chancellor, no such war as we are witnessing now would ever have been fought. He would have seen to it that no such combination of powers against Germany could ever be effected.

With Bismarck in power, Germany might now be fighting Great Britain or Russia or France but she would not be fighting all three, with three or four other nations longing for the hour when they can enter the conflict to administer the finishing stroke. And if Bismarck were in power, we are certain that Germany would not have made the mistake of invading Belgium, for he would have foreseen just what the effect of this invasion would be.—Rochester Herald.

LIFE THE CHEAPEST THING.

St. Paul Pioneer Press: Human life at the present stage of civilization is cheap. A nation can send the flower of its manhood to war and to death and there is no reckoning except in the grief of those left behind. But when it runs into debt until its credit is gone, then there is a day reckoning.

A SCARECROW SOMEWHERE.

Kansas City Times: Whatever the precedents in a case may be, it will always strike the American people as strange that after the congress has deliberated on a measure and enacted it into a law, any one of ninety or so, district judges can make it in-operative in their jurisdiction.

Beardstown Illinoisan Star: In our opinion, David E. Shanahan will be a discreet, efficient and satisfactory speaker of the house. He should have been chosen on the very first vote taken on the proposition weeks ago.

ROAD OFFICIALS IN ROAD CONFERENCE

HELPFUL MEETING OF ROAD WORKERS WAS HELD UNDER STATE DIRECTION.

The second annual short course in road work given the County Superintendents of Highways by the State Highway Commission at Springfield, last week, was a most interesting one. At the Short Course, the year before, the work of the Superintendents was chiefly prospective, scarcely yet charted and for the most part untried. At this session on the contrary, it was a band of veterans that met, seasoned by their year of service ready to report on experiences and anxious for suggestions and the exchange of ideas. Each suggestion of instructor or speaker could be tested in the light of the hearer's own experience.

The sessions of Tuesday, the first day of the meeting, were given over to the Superintendents, for the purpose of organizing among themselves elected officers for the year. For president, they chose R. W. Osborn of Pontiac, Livingston county; and for Secretary, W. E. Emory of Peoria, Peoria County. These are able men and in the language of the day, live wires.

It so happens that the state has been divided by the highway commission for purposes of administration into seven districts, each under a division engineer. Lee County is in District No. 2, consisting of the counties of Stephenson, Jo Daviess, Carroll, Ogle, Lee, Whiteside, Rock Island, Mercer, Henry Bureau, Stark, Knox, Warren and Henderson. The division engineer for this section is H. E. Surman of Rock Island.

Each of the seven districts perfected an organization for itself, and will hold meetings of its own, from time to time.

District No. 2, the "Northwest Territory," of the state, organized for the year by selecting as president L. B. Neighbour of Dixon, Lee County; as secretary, O. G. Hively of Freeport, Stephenson County—joining with them, to complete an executive committee, Alex. Anderson of Polo, Ogle county. The superintendents of this section expect to hold a meeting in Dixon in the month of April, yet.

The session of the state meeting were held in the banquet hall of the Hotel Leland. During the week there was much discussion of the new Road Law in the Capitol Building also. The House committee on Roads and Bridges contains not a few that would amend the law, even to its death, if possible. "Less power to the hand of the Highway Commission," is their cry. This did not, however, appear to be the general spirit on the floor. As Representative Devine says, "I supported the law when it was passed and I see no reason to change my attitude in regard to it." Representatives Leach and Brewer are likewise sound on the proposition of good roads and whatever makes for them. In the Upper House, in Senator Cliffs, who is chairman of Roads and Bridges, the law has a tower of strength.

There are in reality, as would only be expected in the case of a new law, minor features that could be changed to advantage. But to avoid giving comfort to the opponents of the law, its friends will probably not press these at the present occasion. Supervisor E. J. Mannion of Harmon, chairman of the Lee County Road and Bridge Committee, was an interested attendant at the Springfield meeting. The wide-awake supervisors and Highway Commissioners who thus show their interest in road affairs, do their counties credit.

Clear As Mud.

On almost any election day in North Dixon, one frequently hears numerous voters ask, "Where do I vote?" because of the fact that at some elections a voter will cast his ballot at the Anderson shop and at another at Raymond's coal office. Yesterday a rather humorous incident occurred, which, up to date, has caused no municipal or township complications. A certain lady on the north side who always avails herself of her privilege of franchise, proceeded to Anderson's shop in the afternoon, after studying in her memory the precinct boundary lines, and asked the election officials if she voted there. "Yes," was the answer, and accordingly she voted. Later, her husband stopped at Anderson's shop and inquired if he voted there. Upon being informed to the contrary he proceeded to the Raymond coal office and being provided with a ballot, cast his vote. The questions now arise: Which one voted illegally; who is responsible for the illegal vote; what is the penalty; and what result will it have in the township election?

THOMPSON WINS IN G. O. P. SWEEP

Republican Is Elected Chicago Mayor by 140,000.

TICKET GOES IN WITH HEAD

(Associated Press)
Chicago, April 7.—Complete returns of yesterday's election show William Hale Thompson, republican, was elected mayor by the largest plurality ever given any candidate for that office in Chicago. The total vote is:

	Men	Women	Total
Thompson	162,071	89,718	251,789
Sweetzer	246,119	144,564	390,683

Stedman, 16,019 7,813 23,832
Hill, Prob. 1,888 1,702 3,590

For the first time in the history of Chicago a negro was elected alderman, one being chosen from the second ward, which is thickly populated by negroes.

Dry's Big Victory.
Fifty-five of the 102 counties in Illinois are dry today. Marion, Jasper and Franklin counties were added to the dry column yesterday. The city of Centralia, which has been wet for the past sixty years, went dry yesterday, 38 saloons being affected. Altogether over a hundred saloons were voted out in yesterday's election, the drys gaining in a number of cities, towns and villages in Wisconsin, but the larger cities remained wet.

Chicago, April 7.—In the biggest vote ever cast in a municipal election in Chicago, William Hale Thompson was elected mayor in a Republican landslide that nearly complete returns indicated carried the entire plurality over Robert M. Sweetzer, Democratic entrant, is 140,000.

Over 600,000 Votes Polled.
Incomplete returns indicate that 85 per cent of the total registered vote of 767,706 was polled. Of this number approximately 200,000 were cast by women for the first time participated in a mayoralty election. Although at the primaries the women of Chicago preferred Judge Harry Olson to Thompson, the women's vote in the election was an important factor in the Republican election. Nearly complete returns indicate that Thompson received 66 per cent of the woman's vote. Not only did the Republican women strongly overcome the lead which the Democratic women had in the recent primary, but also many Democratic and Progressive women appear to have voted for Thompson.

Woman's Vote Grows.

Further the woman's vote continues to grow. With a record breaking registration of 282,433 on the books nearly complete returns indicate that more than 77 per cent had voted. In the February primary of 1914 only 30 per cent of those registered voted and the registration was 125,600 smaller than at the present time. That indicates the increasing interest the franchise has had for women. Six years ago when they could vote only for university trustees 707 registered and less than 500 voted. The only important question voted on at the election was that of the double platoon system for the fire department. An overwhelming majority of the French opposed the measure which was sponsored by union labor leaders. The proposition was snowed under.

Danville Votes Wet.

Chicago, April 7.—Illinois towns voted on saloons. The City of Danville was carried by the wets by a big majority. Eight precincts in the country are yet to be heard from, but they cannot materially change the result.

Pontiac Dry.

Pontiac passed from the wet to dry column by a majority of 850. Nine saloons are affected. Lincoln voted dry by a majority of 112 votes. The elections in Bond county show a general Republican victory. The City of Gridley voted to remain dry.

Plainfield, Wis., Dry.

Plainfield, Wis., April 7.—This city went dry by a vote of 128 to 43.

URGES PARTY TO QUIT WETS

Bryan Appeals to Iowans in Electing National Committeeman.

Washington, April 7.—Secretary of State William J. Bryan has written a letter to a member of the Democratic state committee of Iowa, saying that the time has come for the Democratic party to divorce itself from the liquor traffic. The occasion of Mr. Bryan's letter is the election of a number of the Democratic national committee from Iowa to succeed Martin J. Wade, who recently was appointed a federal judge.

Mr. Bryan tells the Iowans that a good start can be made toward the proposed "divorce" by electing a temperance Democrat to the national committee from that state.

Dramatic Notes

FAMILY THEATRE.

Annette Kellerman, the perfect woman, will appear in the spectacular pictorial triumph, "Neptune's Daughter," at the Family this evening, two shows being given. The story is in seven reels and is acknowledged by press and public to be one of the most wonderful pictures ever produced. James O'Donnell Bennett in the Record-Herald said: "It is quite the prettiest subject ever shown in Chicago." Everyone should see the pictures at the price of ten and twenty cents, which is exceedingly small, when you take into consideration the fact that the Fine Arts theatre in Chicago charged 75 cents for the same subject. The management has gone to a big expense to secure this picture and it is to be hoped that both houses will be packed this evening.

DIXON OPERA HOUSE.

Next Friday evening at the Opera House, Manager Simpson will play this season's latest musical comedy success, "The Million Dollar Doll." The first object that gives distinction to this is the perfection of its production. In every detail of the stage arrangement, in the direction that has been given to the principals and the chorus, in the character and the prodigality of the costumes, and in the beauty and completeness of its scenic accessories, it has the pronounced individuality of a two-dollar show. Aside from the superb excellence of the principals in their respective roles, very much the best part of the show is the musical numbers. These are handsomely costumed and they reveal refreshingly new novelties, all delightfully melodious and of the snappy kind of composition that keeps the feet moving to its rhythm.

AT THE PRINCESS.

Tonight the Princess theatre will show a two-reel feature entitled "Ancestry," an American drama with Ed Cowen and Winifred Greenwood in the leading roles, a romantic story wherein love puts a girl's ambition to the test. This feature is wonderfully produced with plenty of realism. The other pictures are a Princess drama entitled "The Skinflint" with Ernest Ward and Carey Hastings in the leading roles; a story of a miser's redemption, and the last reel is a Thanhouser drama entitled "The Spirit of Uplift," with Morris Foster and Minnie Berlin in the leading roles a satire of how a crook fought to be decent.

GARRICK THEATRE, CHICAGO.

Robert B. Mantell will be seen at the Garrick theatre, Chicago, for a two weeks' engagement beginning Easter night, April 5th. The Shakespearean and classic dramas to be presented include "Macbeth," "King John," "Romeo and Juliet," "The Merchant of Venice," "King Lear," "Hamlet," "Richard III," "Othello" and "Richard III." This repertoire is the most difficult as well as the most extensive that has been presented by any American actor since the days of Edwin Booth, and Mr. Mantell's success in the interpretation of these great roles has led to his recognition, by veteran critics all over the country whose memory extends back to the days of the old tragedians, as the foremost actor now on the new world stage.

Mr. Mantell's manager, William A. Brady, one of the few glib producers in modern times, who have had the courage to put Shakespeare in direct competition with modern dramatists, has supplied Mr. Mantell with scenic equipment as elaborate as that lavished on musical comedies. But he and Mr. Mantell have used great discrimination in building their productions, making the scenery poetically suggestive of Shakespeare's text. The scenery of "Macbeth," including the weird pictures of the blasted heath, is an excellent sample of their work.

BERLIN ADMITS FRENCH GAIN

General Von Hindenburg Ordered to France From Eastern Front.

London, April 7.—The activities of the French and German forces between the Meuse and the Moselle are rapidly increasing into the proportions of an important battle. For the first time since the French offensive began in this district the German war office at Berlin has admitted French gains. Both sides are rushing up reinforcements toward St. Mihiel, the apex of the German wedge, and reports from both Paris and Berlin say that the fighting is constantly becoming more terrific.

Added to this comes the news that Field Marshal Von Hindenburg, the hero of Germany's great victory in the Mazurian lake region, has been ordered from the eastern to the western front.

SAGE TEA PUTS LIFE AND COLOR IN HAIR

Don't stay gray! Sage Tea and Sulphur darkens hair so naturally that nobody can tell.

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy" at any drug store. Millions of bottles of this old, famous Sage Tea Recipe are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray, becoming faded, dry, scraggly and thin have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful—all dandruff goes, scalp itching and falling hair stops.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur to-night and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

READ "PEG O' MY HEART"

PEG AND MICHAEL

It will appear serially in this paper.

The play ran 604 consecutive nights, or about two years, at a New York theater, scoring one of the greatest hits of the past decade.

The story, like the play, was written by J. Hartley Manners. It is full of heart interest. It is witty and clever. Every line of it will entertain you.

A romping, madcap, bewitching Irish girl is turned over to the care of aristocratic English relatives.

They dislike her, but Peg holds her own with jaunty pride, and in the end, by her generosity and big heartedness, wins them over, and, what is more, wins her fortune, and, what is still more, wins a very gallant lover.

KILLING OF THRASHER
MILITARY NECESSITY?German Note on Sinking of Fa-
laba Displeases U. S.

Washington, April 7.—Military nec-
essity compelled the commander of
the German submarine to sink the
British ship Falaba without waiting
for all her passengers to get off the
vessel, according to a message from
the Berlin foreign office, made public
by the German embassy here. Leon
C. Thrasher, an American citizen, was
one of those who lost their lives as
the result of the sinking of the Fa-
laba, and it is expected to be made
the subject of representations by the
United States in the near future.

The German statement declares that
no report has been received from the
submarine commander. It is asked,
therefore, how the German govern-
ment can presume to issue a state-
ment when it may not be in posses-
sion of the facts.

In official quarters here the effect
of the Berlin statement is regarded
as that of making a bad matter worse.
Nothing is seen in the statement
which appears to justify the act of
the German commander in sinking
the Falaba while he knew many per-
sons, non-combatants, were still on
board.

Armour & Co., are putting out a new toilet soap
 which they call

"BROADWAY BATH"

It's put out for a high class soap, it has a high sounding
name and is made by a reliable company but the special
feature of it is that they put out with it a rubber wash
cloth which they claim is worth 25c, while the soap is
15c a cake. In introducing it, they now give the soap
and rubber wash cloth for the price of the soap, 15c.

Try it, it is the only way we know of testing it and
seeing if it is going to be a winner. Will gladly show
it to anyone.
